

qargo[®]
packers

Your partner for industrial packing, lashing and securing of containers is located in Pernis.

Port number 2820 (ISPS location Damen Shiprepair)

- Professional export packing
- Manufacturer of seaworthy cases, crates, saddles and special skids (heat treated according to ISPM 15 regulations)
- Corrosion prevention (VCpl products and /or barrier bags)
- Loading (lashing & securing and blocking & bracing) of containers (standard, flat rack, open top)
- Receiving and handling of project cargo.
- Shrink wrapping of (large) objects (300 micron patented Airlock foil)
- Marshalling and line item checking (C2C)

All activities can be executed anywhere on site in Rotterdam or the Netherlands. Our warehouse in Pernis is equipped with various large overhead cranes for safe handling of special (out of gauge) cargo.
